Integrated Talent Services Organization

In 2005, Dennis Dunlavy founded Westport Intl. As a result of his success and client demand, he opened PinPoint Solutions in 2007 to focus on mid-level professional and management contingency recruiting. After years of growth and success, another chapter is being written in Westport Intl and PinPoint Solutions prosperous stories. Westport Intl and PinPoint Solutions are now evolving their services to improve customer experience and to continue to deliver client-driven solutions.

We are excited to report that both companies are now a part of HKA Enterprises, a global workforce solutions company with 40 years of experience of providing premier workforce solutions to blue-chip industry leaders.
